

MANITOBA PRESCRIBING PRACTICES PROGRAM (M3P)

It is my intention to prescribe designated drug(s) and I will require the initial issue of multiple prescriptions. In making this application I recognize that:

- I am required to keep secure and be accountable for every prescription issued under my name. Loss or theft of pads will be reported promptly both verbally and in writing to the Manitoba Prescribing Practices Program (M3P).
- Designated drugs can be prescribed only with the use of the multiple prescription and I have the responsibility to re-order prescriptions.
- The multiple prescription must be completed accurately, completely and legibly to be valid. Invalid prescriptions will not be filled.
