<sup>2</sup> Please note that the practicing veterinary technologist members are required to obtain and maintain membership with the Manitoba Veterinary Technologist Association (MVTA). More information about MVTA can be located at <https://mymvta.ca/>.

**Please Note:** On April 5, 2023, the MVMA Council resolved to increase veterinary technologist membership fees by 13.1%. This increase includes inflation fees from February 2021-2022 and February 2022-2023. Unlike veterinarians, the February 2021-February 2022 inflation fees had not been applied to membership fees. This was due to the previous difference in annual membership renewal dates.

**PLEASE NOTE:** On April 5, 2023, the MVMA Council resolved to no longer charge separate Legal Fund and Marketing Fund fees. These fees are now included in the membership fee. To ensure that the MVMA maintains a sufficient Legal Fund, it has adopted the Legal Fund Policy, available for review on the MVMA website. The MVMA Council will budget for marketing in its annual budget.
