

2023 Small Holder Swine and Poultry Seminar Series – Animal Nutrition

Manitoba Agriculture invites small-scale swine and poultry producers and enthusiasts to join us for an evening seminar on the basics of animal nutrition and feeding. This free event is the second in a small holder seminar series which provides animal owners with a greater understanding of raising healthy pigs and poultry. This seminar will explore nutrient requirements and programs for different ages and stages of production, feeding behavior, ingredient sourcing, feed mixing and manufacturing, on-farm food safety, medications in feed and water, and impacts of nutrition and feed quality on herd/flock health.

The seminar is offered in two locations. Seating is limited.

Date: Wednesday, July 26th, 2023
Time: 6:30 p.m. to 8:30 p.m.
Place: Neepawa Public Library
280 Davidson Street Neepawa MB
