Dear Valued Vetavision Supporter:

As members of the **Western College of Veterinary Medicine (WCV.M) Vetavision Executive** team, we invite your organization to become a partner in our innovative public exhibition.

Vetavision is a two-day, student-led event that is geared for children, families and prospective veterinary students of varying ages. The event will take place on **September Friday 25th and Saturday 26th, 2026**, in and around the WCV.M's facilities located on the University of Saskatchewan (USask) campus in Saskatoon, Sask.

Created in 1970, Vetavision is a public open house event that showcases the diverse and rewarding opportunities that the veterinary profession offers. Organized by the WCV.M students, the event gives people of all ages a chance to learn about the world of veterinary medicine and the role that veterinarians play in our daily lives. Here are some of the event's key attractions:

- Up to 25 student-run interactive booths highlighting different aspects of veterinary medicine, animal health and public health.
- Student-run daily tours, which are developed for different ages and interests, school groups, 4-H groups, Pony Clubs, Scouts and other special interest groups.
- Seminars for high school and university students who are interested in an animal health career. Current students and faculty will candidly describe the challenges and attractions of veterinary school and give more specific details about the WCV.M's application process for the Doctor of Veterinary Medicine (DVM) program.

We offer five levels of sponsorship: platinum, gold, silver, bronze and contributor. Sponsorship provides your organization with an opportunity to promote student and public awareness. It also helps your organization to build its corporate brand and its identity as a supporter of the veterinary profession. Please see our sponsorship package for more details.

The WCV.M Vetavision Executive Team would be pleased and honoured to have your organization's support for Vetavision 2026. Thank you for your consideration — we look forward to hearing from you.

Sincerely,

Kayla Williams and Emily Enns
